

## What Our Locum Insurance Customers Say

We value our customer feedback and use it to further improve our products and services.

Anmol Paul  
Specialist  
Insurance  
Adviser

### **Liz Jaques – Church Langley Medical Practice**

“This is the first time that we have taken out Locum Insurance with MIAB. Excellent service provided to us by Anmol Paul. He explained to us in detail the various options available to us. He was able to answer all our queries without hesitation and he provided us with a competitive quote for five GPs, which has resulted in us taking out a fully comprehensive Locum Insurance with MIAB.

Having tried and tested several insurance companies over the years for locum as well as contents insurance I can say with confidence that MIAB have been second to none when it comes to customer service, assistance and value for money. Thank you so much Anmol and MIAB.”

### **Sara Richards – The Pines Surgery**

“This is the first time I have used MIAB. I always find renewing my Locum Insurance to be very time consuming and stressful. However, I spoke to Anmol Paul at MIAB and it has been a completely different experience.

From my first phone call with Anmol, the stress has been taken away. He was extremely professional, and able to answer and resolve all our questions we had regarding the Locum Policy. I have dealt with other Locum Insurance companies in the past and without a doubt, MIAB has the best customer service. I would recommend MIAB every time!”

### **Jackie Russell – Rickleton Medical Centre**

“The time has arrived once again for my Locum Insurance renewal. As expected, MIAB have made the process easy to renew. Anmol was his usual courteous self and came back with another competitive quote. All I had to do was fax a few sheets of paper to him and he did the rest. How easy is that?

Anmol took the time to email me with all the benefits pointing out clearly anything he felt may be of interest to me. Normally I shop around for the best quote, but I didn't feel I needed to this year as I have found MIAB so easy to deal with. Keep up the good work and remember to keep your costs competitive.”
